

# UMASIPALA

Together we can do more.

**To the Office of the Accountant - General**

1. The major challenge that we faced at municipality in the preparation of 2015/16 AFS is staff morale leading staff not doing their work this lead to information on the financial system not being up to date and requested information to prepare AFS not provided to the service provided appointed to assist in the preparation of the annual financial statements.

The root causes of the point one above being;

- The unknown effects of the amalgamation
- Internal staff issues, staff wanting their titles changed so that they go to new entity at higher salaries.

2. Starting on the 18<sup>th</sup> July 2016 the staff of Tsoelike Local municipality embarked on industrial action that is still going on at the time (26 August 2016) of writing this memorandum.

We anticipate that the annual financial statements will be submitted by 30 September 2016.

For any clarification please contact the Accounting officer

Yours Sincerely

  
.....  
Mr. Similo Dayi

Municipal Manager (Accounting Officer)
